THE DELTA DIALOGUE: PERSPECTIVES ON SCIENCE AND POLICY

As a prelude to the CALFED Science Conference, three past and present CALFED Lead Scientists and the Chair of the CALFED Independent Science Board will discuss emerging issues in the San Francisco Bay-Delta and their implications for science and policy in the region.

Clifford Dahm, University of New Mexico; CALFED Lead Scientist

Michael Healey, University of British Columbia; Former CALFED Lead Scientist

Samuel Luoma, UC Davis; Former CALFED Lead Scientist

Jeffrey Mount, UC Davis Center for Watershed Sciences; Chair CALFED Independent Science Board

Tuesday, October 21, 2008, Noon – 1:45 pm
