

Bay Delta Conservation Plan
 Outreach Meeting Log and Summary Issues

NOTE: The Administrative Draft of the BDCP is scheduled for release in June 2009. All chapter references below are to that document.

Date	Individual/ Organization	BDCP Representative	Interests/Issue	Where the Issue is Being Addressed
12-9-08	Lower Yolo Bypass Planning Forum	<i>Karla Nemeth, Dave Harlow</i>	Impacts of the Fremont Weir/Yolo Bypass and Cache Slough conservation measures on terrestrial species, agricultural production, flood control, methyl mercury production, public use and education programs, production of mosquitoes, existing land management practices, and levee scouring and erosion.	<ul style="list-style-type: none"> • Design and operations specified in Conservation Measures • Implementation of Conservation Measures • EIS/EIR
12-15-08	Sacramento County	<i>Karla Nemeth</i>	Number and location of northern diversion points and its impact on land uses and wastewater treatment plant.	<ul style="list-style-type: none"> • Design specified in Conservation Measures • Implementation of Conservation Measures • EIS/EIR
			Effects of canal alignment on land uses	<ul style="list-style-type: none"> • Design specified in Conservation Measures • EIS/EIR
			Maintaining water quality in Sacramento River.	<ul style="list-style-type: none"> • Water Operations Conservation Measures • EIS/EIR
1-05-09	Yolo Natural Heritage Program	<i>Karla Nemeth</i>	Impacts to terrestrial species.	<ul style="list-style-type: none"> • Conservation measures for terrestrial species and habitats
			Impacts to landowners adjacent to restoration.	<ul style="list-style-type: none"> • EIS/EIR
			Methyl mercury production.	<ul style="list-style-type: none"> • Conservation Measures • EIS/EIR
			Interest in exploring green levees.	<ul style="list-style-type: none"> • Implementation of Conservation Measures
1-15-09	Sacramento County Regional Sanitation District	<i>Karla Nemeth, Jerry Johns, Laura King Moon</i>	Interest in pursuing joint fact-finding about scientific correlation between ammonia discharge's impacts on fish species.	<ul style="list-style-type: none"> • Ammonia Conservation Measure

Date	Individual/ Organization	BDCP Representative	Interests/Issue	Where the Issue is Being Addressed
1-16-09	Farm Bureau Delta Caucus	Karla Nemeth	Question about need for legislative approval or public vote to construct canal.	<ul style="list-style-type: none"> • Cannot be addressed by BDCP
			Interest in more information about canal operations modeling and consideration of new storage.	<ul style="list-style-type: none"> • Water Operations Conservation Measures • EIS/EIR
			Interest in more information about how much water the estuary needs.	<ul style="list-style-type: none"> • Water Operations Conservation Measures
1-27-09	Yolo County Board of Supervisors	Karla Nemeth	Effect of changes in Fremont Weir/Yolo Bypass operations on agricultural production, terrestrial species, and public uses in Yolo Bypass.	<ul style="list-style-type: none"> • Conservation Measures • Implementation of Conservation Measures • EIR/EIS
			Similar to Yolo Bypass, effects of Deep Water Ship Channel conservation measure on local land use.	<ul style="list-style-type: none"> • Design specified in Conservation Measures • EIS/EIR
			Interest in engaging on long-term governance.	<ul style="list-style-type: none"> • Implementation of Conservation Measures
			Concern about restoration and water conveyance elements moving as separate projects.	<ul style="list-style-type: none"> • Water Operations and Habitat Restoration Conservation Measures
			Question about the cost of implementing other stressors conservation measures and effect on third parties.	<ul style="list-style-type: none"> • Implementation Cost Estimate in BDCP • EIS/EIR
1-30-09	Contra Costa County Supervisor Piepho	Karla Nemeth	Concern about water flows – particularly outflow targets and the needs of fish species, and effects on water quality in the western Delta.	<ul style="list-style-type: none"> • Water Operations Conservation Measures • EIS/EIR
			Concern about governance of new water conveyance facilities and its ability to address needs of fish species.	<ul style="list-style-type: none"> • Implementation Structure in BDCP • Water Operations Conservation Measures
			Interest in Delta County involvement in implementation of overall Plan.	<ul style="list-style-type: none"> • Implementation of Conservation Measures
2-3-09	Contra Costa County Board of Supervisors	Karla Nemeth	<i>See above.</i>	<i>See above.</i>

Date	Individual/ Organization	BDCP Representative	Interests/Issue	Where the Issue is Being Addressed
2-9-09	Reclamation District 999	<i>Karla Nemeth, Paul Marshall</i>	Concern about proposed Deep Water Ship Channel conservation measure and its impact on agriculture and land use in Clarksburg.	<ul style="list-style-type: none"> • Design of specified Conservation Measures • EIS/EIR
			Concern about and interest in the degree of specificity of habitat restoration locations and its impact on the local land prices.	<ul style="list-style-type: none"> • Habitat Restoration Conservation Measures • EIS/EIR
			Concern about conveyance alignment impacts on RD999 facilities and interest in the Deep Water Ship Channel's potential use for water conveyance.	<ul style="list-style-type: none"> • Design of specified Conservation Measures • EIS/EIR
2-10-09	Solano County Board of Supervisors	<i>Karla Nemeth</i>	Concern about the effect of habitat restoration proposed in Suisun Marsh and Cache Slough on Solano County land use and long-term planning	<ul style="list-style-type: none"> • Design of specified Conservation Measures • EIS/EIR
			Concern about impacts to water quality, particularly given the location of habitat restoration and North Bay Aqueduct intakes.	<ul style="list-style-type: none"> • Water Operations Conservation Measures • EIS/EIR
			Interest in water pollutants such as the effects of endocrine disruptors on fish.	<ul style="list-style-type: none"> • Other Stressors Conservation Measures
			Identified salmon restoration efforts on Putah Creek for BDCP consideration.	<ul style="list-style-type: none"> • Habitat Restoration Conservation Measures
			Concern about any impacts to state highway 113.	<ul style="list-style-type: none"> • EIS/EIR
2-11-09	Delta Counties Technical Advisory Committee	<i>Karla Nemeth, Rich Sanchez</i>	Concern about in Delta water quality	<ul style="list-style-type: none"> • Water Operations Conservation Measures • EIS/EIR
			Habitat restoration, its distribution throughout Delta, and acreages	<ul style="list-style-type: none"> • Habitat Restoration Conservation Measures • EIS/EIR
			Concern about canal footprint	<ul style="list-style-type: none"> • Design specified in Conservation Measures • EIS/EIR
			Interest in alternatives development including reduced export	<ul style="list-style-type: none"> • Water Operations Conservation Measures • EIS/EIR

Date	Individual/ Organization	BDCP Representative	Interests/Issue	Where the Issue is Being Addressed
			Interested in coordinated BDCP – EIS/EIR outreach to county staff.	<ul style="list-style-type: none"> • Steering Committee / Outreach Team • EIS/EIR
2-18-09	BDCP Orientation Webinar	<i>Karla Nemeth</i>	Questions pertaining to status of drought	<ul style="list-style-type: none"> • Cannot be addressed by BDCP
			Relationship of BDCP restoration to Smelt BO restoration requirements	<ul style="list-style-type: none"> • Habitat Restoration Conservation Measures
			Extent, characteristics, and cost of habitat restoration planned in Steamboat and Sutter sloughs, Ryer, Grand and Sutter islands	<ul style="list-style-type: none"> • Design and operations specified in Conservation Measures • Implementation of Conservation Measures • EIS/EIR
			Effects on recreational boaters	<ul style="list-style-type: none"> • EIS/EIR
			Integration of Bay-Delta surface water storage into BDCP operations	<ul style="list-style-type: none"> • Water Operations Conservation Measures • EIS/EIR
			Peer-review of modeling	<ul style="list-style-type: none"> • Water Operations Conservation Measures
			Practicability and effectiveness of invasive species removal	<ul style="list-style-type: none"> • Design of specified Conservation Measures • EIS/EIR
			Effects on waterfowl	<ul style="list-style-type: none"> • Conservation measures for terrestrial species and habitats
			Other Delta planning efforts	<ul style="list-style-type: none"> • Implementation of Conservation Measures
2-24-09	Lower Yolo Bypass Planning Forum	<i>Karla Nemeth, Pete Rawlings, Chuck Hanson</i>	Concern about impacts of Fremont Weir/Bypass inundation conservation measure as drafted in 1-12-09 Overview document including but not limited to: near and long-term viability of Bypass agriculture, duck clubs, DFG Yolo Wildlife Area, and flood facility management, impacts to tax revenues, Wildlife Area income, flood bypass capacity, terrestrial species, other planning processes underway	<ul style="list-style-type: none"> • Design and operations specified in Conservation Measures • Implementation of Conservation Measures • EIS/EIR
			Concern about scope of scientific input and degree of scientific uncertainty about effectiveness	<ul style="list-style-type: none"> • Implementation of Conservation Measures

Date	Individual/ Organization	BDCP Representative	Interests/Issue	Where the Issue is Being Addressed
			<p>Concern about adequate capturing of impacts in context of adaptive management</p> <p>Interest in considering alternative ways to achieve BDCP goals and objectives in this area (e.g. Putah Creek)</p> <p>Interest in detailed information about Fremont Weir/Yolo Bypass measure's design</p> <p>Strong desire to resolve issues as part of BDCP rather than EIR/EIS</p> <p>Concern about level of Steering Committee awareness of impacts during deliberations - Intend to write comment letter to Steering Committee in near future</p> <p>Desire for additional outreach about Cache Slough restoration measure as currently proposed.</p>	<ul style="list-style-type: none"> • Implementation of Conservation Measures • EIS/EIR • Design and operations specified in Conservation Measures • Implementation of Conservation Measures • EIS/EIR • Implementation of Conservation Measures • EIR/EIS • Design and operations specified in Conservation Measures • Implementation of Conservation Measures • Design and operations specified in Conservation Measures • Implementation of Conservation Measures • Steering Committee / Outreach Team • Design and operations specified in Conservation Measures • Implementation of Conservation Measures • Steering Committee / Outreach Team
